## Mody

---

MODY was founded in 1970 by the Duenias and Bachar families with the purpose of establishing new standards of design in interior decorating in Israel. At its onset, the company focused on importing and marketing ceramic tiles and sanitary ware, eventually expanding into marble products, stone, parquet and even designed accessories.

Today, the company employs 200 professional workers who have been extensively trained. Interior decorators and purchasers constantly updated with the latest trends, carefully choosing each collection while upholding the highest standards of quality.

Marketing and sales professionals trained to offer the most comprehensive solutions to the needs of the private clients, architects and interior designers. The administration team comprised of the Duenias family members creates a pleasant family business atmosphere.

The client is at the core of the MODY business approach. We aim at creating the ultimate buying experience for the client.

# About Hezi Bank

---

HeziBank company is the leading company in Israel in the field of wall cladding, flooring, furnishings and fixtures for bathrooms. In recent years the company has expanded its activities by offering design solutions, furnishing and cladding for the entire home as well as the garden. The company, which was founded in 1967 by the businessman Hezi Bank, who still heads the company, has gathered the leading European design brands in the world under a single roof, and among them are: Devon&Devon, Antoniolupi, Bisazza, Dornbracht and Casa Dolce Casa.

Since the day it was founded the company has placed the quality of service to its customers at the forefront - from accompaniment of the contractor during installation of the products, including on-site visits to ensure a positive service experience for the customer, through creation of instructional kits, assignment of an exclusive manager for each project and more. Furthermore the company provides the best possible benefits for its employees and thereby ensures low turnover, as well as professional and considerate service. All of this and more enables HeziBank to place at the service of every customer veteran, experienced and professional staff, whose basic job description is to provide high quality service and to offer the product that best meets the precise and long-term requirements of the customer.

The main showroom extends over an area of 4,500 square meters within the Design Center Complex in Ramat Gan, and offers a Look&Feel display that demonstrates the integration of the items into the living environment. The showroom is divided into dozens of HeziBank designed furnished and fitted rooms including wall cladding, flooring, mirrors, lighting fixtures, textile, furnishings, accessories and supplementary styling.

## Floor Heating

### **DomoTec**

DomoTec is Israel's oldest and largest manufacturer of under-floor heating systems, with over 20 years of experience in their field. DomoTec is the only company in the country that offers both electrical systems, and therefore only with DomoTec you can be sure to receive objective and reliable advice and information to help you find the optimal under-floor heating system, based on your own personal preferences and not according to the system marketed by the installer/marketer. DomoTec's consultants will help you customize your under-floor heating system to suit your own personal needs and preferences - to your full satisfaction.

## Power Switches

### **Vimar**

Products, systems and solutions for managing electrical power since 1945, Vimar has been doing all this and much more, guaranteeing continuous improvement in every kind of housing style.

Made in Italy, Vimar combines design and technology with emphasis.
